experience

WillowTree Apps, Platform Software Engineer   July 2022 - Present

Individually led the front-end implementation of Sumsub Fisherman for a client's application flow to improve candidate fraud detection.

Helped streamline an HR client's complex recruitment process by building a brand new flow for their candidate application process and a candidate tracking dashboard with ReactJS. Accomplished large refactors to improve feature development speed.

Drove the front-end development of new debt tracking features for a financial client where I integrated Method Financial and Plaid into their React application. Led biweekly demos of the team's progress to key stakeholders.

Solely developed an internal HR site with ReactJS for a large international client with the goal of increasing visibility of career tracks for employee growth. Implemented a CI/CD pipeline with Azure DevOps and content management system with Optimizely.

Independently supported a client's legacy website where I resolved critical security vulnerabilities, implemented cookie and consent management with OneTrust, and led biweekly releases to production. Carried out the completion of Google Analytics 4 to provide the client with critical tracking of how users interacted with their website.

WillowTree Apps, Software Engineer   June 2021 - July 2022

Rebuilt a large restaurant client's marketing website alongside the implementation of Optimizely's Content Management System with Razor Pages. Built a new, modern online ordering experience with React and Olo.

Won the February 2022 "Leather Bound Book Award," an award akin to Employee of the Month, for my achievements as a top contributor on my team and for my strong attention to detail in code review.

Proximity Learning, Copywriter Intern   November 2019 - May 2021

education

The University of Texas at Austin   August 2019 - May 2021
Bachelor of Journalism with Honors. Elements of Computing Certificate

GPA: 3.89. College Scholar (Spring 2021), Dean's Honor List (Spring and Fall 2020), University Honors (Spring and Fall 2020, Spring 2021)

Lone Star College Montgomery   August 2017 - May 2019
Honors Associate of Arts

Honors College Chancellor's Fellow Scholar (Fall 2017 to Spring 2019)
